

Alaskan Patterns Face Mask Material List

Tools:

1. Sewing Machine
2. Iron
3. Fabric scissors or rotary cutter
4. Straight pins or clips
5. Fabric chalk pencil or pen
6. Tape measure
7. Seam gauge
8. Seam ripper

Materials:

1. Face/Pocket Piece and Chin Piece Pattern (This free pattern can be found at alaskanpatterns.com)
2. Sewing tutorial (Youtube sewing tutorial can be found at alaskanpatterns.com)
3. 9" cut of 44" wide 100% cotton fabric (tightly woven)
4. Two 54" long pieces of 1/2" wide double fold bias tape (if you don't have double fold bias tape you can make it. You will need two 2"X54" strips of fabric. It's not necessary to cut out your strips of fabric on the diagonal of the fabric).
5. One 5" piece of wire

Any wire you have handy will do. Just make sure to turn under the two ends of the wire so they don't poke through the fabric. Here are some examples of wire you can use:

1. Pipe Cleaner
2. Floral Wire
3. Jewelry wire
4. Plastic coated twisty ties
